

ALBANY MED Health System

SARATOGA HOSPITAL

HOSPITAL DISCLOSURE

Important Information about Paying for Your Care at Saratoga Hospital.

Saratoga Hospital is a participating provider in many health plan networks. You can find a list of the plans in which we participate at <http://www.saratogahospital.org> under Patient & Visitors and Billing & Insurance. Some health plans use smaller networks for certain products they offer. It is important to check whether we participate in the specific plan you are covered by. You should always contact your health plan to verify coverage.

It is also important for you to know that the physician services you receive in the hospital are separate and are not included in the hospital's charges. Even if a physician is employed by Saratoga Hospital, their services will be billed separately. Additionally, physicians who provide services at the hospital may be independent voluntary physicians or may not participate in the same health plans as the hospital. You should check with the physician arranging your hospital services to determine which plans that physician participates in. Saratoga Hospital contracts with a number of physicians groups who are not employed by the hospital. You should contact these groups directly to find out which health plans they participate in if your physician has identified them as being involved in your treatment. A list of the physicians' groups that commonly provide services at our hospital is provided below; however, this list may not be all-inclusive. Additional contact information, including mailing addresses, for such physicians' groups may be found by going to the particular physician groups' website listed below.

You should also check with the physician arranging for your hospital services to determine whether the services of any other physicians will be required for your care. Your physician can provide you with the name, practice name, mailing address and telephone number of any physicians whose services may be needed. Your physician will also be able to tell you whether the services of any physicians, employed or contracted by Saratoga Hospital, are likely to be needed, such as anesthesiologists, radiologists and pathologists. You should contact these groups directly to find out which health plans they participate in.

Hospitals are required by law to make available information about their standard charges for the items and services they provide. This information is available at <https://www.saratogahospital.org/saratoga-hospital-charges2021> or you may call 518-262-4989.

If you do not have health insurance, you may be eligible for assistance in paying your hospital bills. Information about financial assistance is available at <https://www.saratogahospital.org/patients-visitors/patients/billing/financial-assistance> or you may contact our Patient Financial Assistance Office at (518) 264-7729 Option 2.

Independent physicians' groups affiliated with Saratoga Hospital:

Please Note: This is not a complete list and, depending on your situation, your doctors may bring in other specialists. To help avoid unexpected charges, ask your doctors if they will participate in your insurance and if they will be involving other medical professionals in your care.
